

Firoz

Full Stack Developer (React.js | ASP.NET MVC | MSSQL | Node Js | Mongoose)

📞 8198953511 | ✉️ firozansari3712@gmail.com | 🌐 [LinkedIn](#)

Summary

Full Stack Developer with **2+ years** of experience in building **scalable web applications** using **React.js**, **Next.js**, **ASP.NET MVC (C#)**, **Node.js**, and **MSSQL**. Experienced in developing **responsive** user interfaces, **RESTful APIs**, **authentication systems**, **admin dashboards**, and **database-driven** applications. Skilled in **state management** using **Redux Toolkit**, **Zustand**, and **Context API**, with a strong focus on performance optimization and user experience.

Technical Skills

- **Frontend:** React.js, JavaScript, Bootstrap, Tailwind CSS, Redux Toolkit, Zustand, Context Api
 - **Backend:** Node.js, Express.js, MVC (C#)
 - **Databases:** MongoDB (Mongoose), MSSQL, Knex.js
 - **Authentication & Security:** JWT Authentication
 - **Development Tools & Technologies:** Git, Postman, NPM
 - **Other:** REST APIs, Responsive Design, Agile Development
-

Experience

React & Dot Net Developer

Rnaura Technologies, Mohali, Punjab

 **Feb 2024 - Present**

- Developed and maintained scalable **React.js** applications with an **MVC C#** backend.
 - Built **RESTful APIs** using **ASP.NET MVC (C#)** and **Node.js**.
 - Designed and developed **secure admin dashboards** with **role-based permissions**.
 - Integrated **MSSQL** databases and optimized complex **SQL queries**.
 - Implemented responsive UI designs and improved application performance.
-

Projects

Rnaura

Technologies: React.js, ASP.NET MVC, MSSQL

 March 2024 - July 2024

- Designed a full-fledged **React.js web application** with an **MVC C# backend**.
- Implemented **two themes (Public & Admin)** with role-based authentication.
- Integrated an **Admin Panel** for managing content and users.

 mnaura.com

Car Rental – Admin Panel for Booking Application
Technologies: ASP.NET MVC, MSSQL

 Oct. 2024 - Feb 2025

- Developed **backend APIs** using **MVC C# and MSSQL** for mobile integration.
- Managed the **Admin Panel** for booking & user management.

 [Eagle Car Rental](https://eaglecarrental.com)

Bharat Touch – Digital Profile & NFC Virtual Card Website
Technologies: ASP.NET MVC, MSSQL

 July 2024 - Feb 2026

- Developed a **digital business card** platform allowing users to create and manage **Personal/Professional profiles**.
- Integrated **NFC card** functionality and profile sharing features.
- Enhanced performance and implemented new modules in an existing enterprise application Built with **MVC C# & MSSQL** .
- Worked on both frontend and backend development.

 bharattouch.com

Bonc Network - E-Commerce Platform
Technologies: React.js, ASP.NET MVC, MSSQL

 June 2025 - Oct 2025

- Developed and enhanced an existing **e-commerce platform** for products and services.
- Implemented new **frontend modules** using **React.js**.
- **Created a dedicated admin panel for platform management**.
- **Improved UI responsiveness and user experience**.

Personal Projects & GitHub

- **Portfolio Backend API** (*Node.js, Express.js, MongoDB, Mongoose, JWT*)
 - REST API with authentication, profile management, file uploads, validation, and modular architecture.
 - Demonstrates scalable backend structure, middleware, reusable utilities, and clean code practices.
 -  GitHub: <https://github.com/Firoz2899/my-portfolio-backend>
 - **Portfolio Frontend** (*React.js, TypeScript, Redux Toolkit, Tailwind CSS*)
 - Responsive portfolio application with authentication, reusable components, state management, and API integration.
 - Demonstrates modern React architecture, folder organization, and reusable component design.
 -  GitHub: <https://github.com/Firoz2899/portfolio-frontend>
-

Interests & Languages

- **Interests:** Cricket, Exploring New Technologies, Music
 - **Languages:** Hindi (Native), English (Fluent)
